

HAFFMANS ICC INPACK 2000 CO, CALCULATOR

GENERAL PRODUCT INFORMATION

In the beer and beverage industries, the content of dissolved carbon dioxide $(\mathrm{CO_2})$ is a determining factor in the quality and taste of beer and carbonated beverages. Because of this, breweries as well as soft drink manufacturers continuously control and measure the $\mathrm{CO_2}$ quantity of bottled and canned beverages.

The user-friendly, battery powered Inpack 2000 $\rm CO_2Calculator$, type ICC, allows for a fast and reproducible determination of the $\rm CO_2$ content based on Henry's Law.

Equilibrium is created by shaking the container manually before or after the sample is pierced, followed by the measurement of pressure and temperature. The dissolved ${\rm CO}_2$ content is then electronically calculated and displayed. The measurement results can be exported to a PC.

CUSTOMER BENEFITS

- Cost saving
- Lower investment costs (one device for all common container types)
- Low maintenance

APPLICATIONS

- Laboratory operation with cans and bottles of different types and sizes
- In combination with Pentair Haffmans Inpack 2000
 Air Meter determination of air content possible

HAFFMANS ICC

INPACK 2000 CO₂ CALCULATOR

TECHNICAL DATA

Measuring range

 ${\rm CO_2}$ value 2.5 - 9.99 g/l Temperature -10.0 - 60.0 °C Pressure -1.0 - 6.0 barg

Accuracy

 ${\rm CO_2}$ value ± 0.10 g/l Temperature $\pm 0.20\,^{\circ}{\rm C}$ Pressure ± 0.01 bar

Measuring units

CO₂ value g/I, % w/w, VoI, kg/cm²

Temperature °C, °F

Pressure bar, psi, kg/cm²

Memory capacity

Up to 400 measurements

Container dimensions

Height min. 50 mm - max. 360 mm Outside diameter max. 120 mm

Interface

RS-232

Dimensions

250 x 170 x 550 (LxWxH mm)

Weight

ca. 3 kg

SCOPE OF SUPPLY

- Inpack 2000 CO2 Calculator, type ICC
- Bottle burst protection net
- Service set
- Battery charger* with RS-232 connection (Euro, US, UK or AUS plug)
- Software set (CD + Interface)
- Instruction manual
- * When ordering, please state which battery charger you require.

OPTIONS

- Certificate of measurement
- PET bottle holder
